# Canvas Parent App

*“Canvas Parent enhances the **potential for parents to engage** in their children's education.”*

Parent App Guides: <https://community.canvaslms.com/docs/DOC-7884>

# Canvas Parent App

## With the Canvas Parent app, parents can

- **View the list of courses** where their students are enrolled. For each course, parents can see syllabus, assignments (title, due date, and instructions) and events.
- **Set alerts** to view course announcements and/or receive reminders for a specific assignment or event (sent to mobile devices as push notifications).
- **Monitor their child's performance** on Canvas assignments (final grade reported in Pinnacle).
- If a student does not have any visible courses you will see a “No Enrollments” message, this means the teacher has not made the course publically viewable yet.

## With the Canvas Parent app, parents cannot

- Submit assignments, participate in discussions or take quizzes on their child's behalf.
- Access course content (files, pages, other students' work, etc.).
- Participate in the course in any way.

# Canvas Parent App - Pairing with a Student

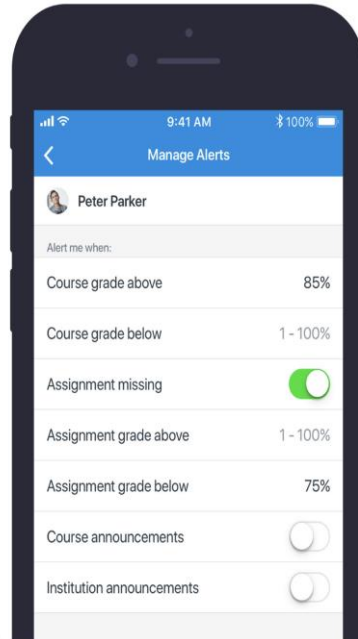

# Canvas Parent App - Pairing with a Student

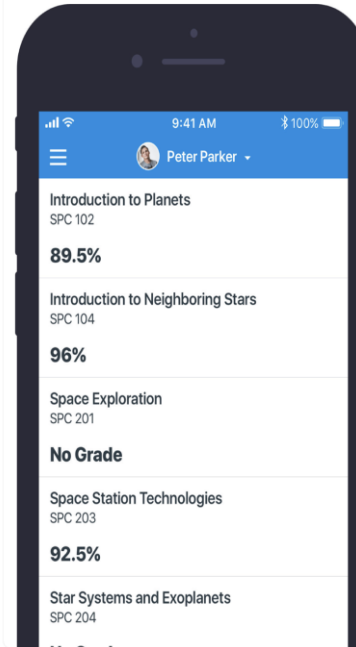

View course activity by week.

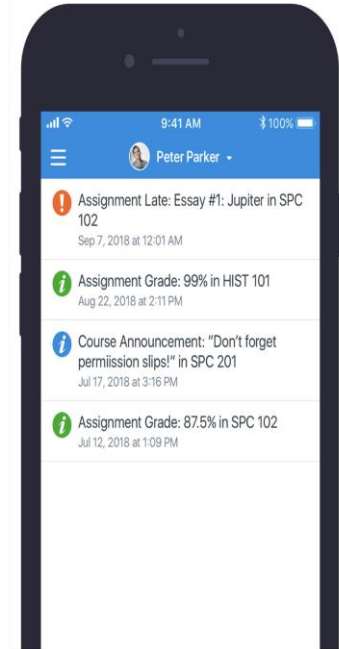

Set thresholds to receive custom alerts.

See a high-level view of your child's courses.

View all alerts in a single view.

# Canvas Parent Web Access

Please note, only one student account can be paired through the Canvas Parent App. Additional accounts will need to be added online at <http://browardschools.instructure.com/login/canvas>.

Sign in using the parent account information you created in the app. Click Account > Click Settings > Click Observing > Enter additional Student Pairing Code > Click the blue +Student button.
